and exclusive 3D Park layouts

## STAX UNLIMITED

Established 2013 serving the planet with unique obstacle designs for 8 executive years.

### What's new in 2021?

- Bigger obstacles for better prices
- Enhanced quality with new technology and tools
- The first FSC corner feature "THE CURB SICKLE"
- More fresh new 2021 designs
- All current features improved, enhanced and optimized

STAX is all you need for FSC - Full Size Cable and 2T - Two Tower projects.

Wakeboard obstacles, breakwater, walkways and floating starting platforms. More than 150 items in our new 2021 Catalog, shipping service to over 50 countries worldwide. Our Pro Team that can help you with set up, layout and upgrades for any wakepark project.

## 5 Year Worldwide Warranty - Shipping Service to more than 50 Countries

### HDPE

Our own HDPE (polyethylene) mixture for extreme weather conditions with anti UV and extra high surface density components. 100% virgin HDPE non recycled for maximum performance, environment friendly, non toxic and long lasting life expectancy.

### PS,XPS

Full styrofoam (polystyrene) core. CNC cut and embedded in our features.

### PLUG and PLAY

Easy set up, flawless connections with our custom ridge and slot system. Extra durable joints with fusion welded connections.

### SET UP

We provide tools and detailed set up manuals for all our features

### TECH

We use hot corner bending and fusion welding machines for the strongest connection on the market. Original German extrusion welding hand tools from the inventor of extrusion welding technology in use since 2013.

### CUSTOM

Your vision, your project. Our team can help from A-Z, survey, park layout, cable system, waterpark equipment, features, business plan, water treatment, logistics, maintenance, upgrades and more.

### PRO TEAM

Riders are not only amazing on the water. Our international pro team is fluent in various languages and keen to help you with improving your park, custom features, set up, events, camps, technical support and more. Get in touch for detailed information.
